

Reeds Bay

San Juan County - Spelling Clarification

Township: 35N

Range: 1W

Section: 28

USGS Quad: Lopez Pass

Location Description: Bay; located on SW end of Decatur Island at 48° 29' 38.31" N, 122° 49' 7.35" W.

Proposal Summary:

Reeds Bay: bay; located on SW end of Decatur Island at 48° 29' 38.31" N, 122° 49' 7.35" W.; Named for the Reed family who settled on the bay in the 1860's. Tacee and her husband John P. Reed were the first settlers on Decatur Island.; San Juan County, Washington; Sec 28, T35N, R1W, Willamette Meridian; 48° 29' 38.31" N, 122° 49' 7.35" W USGS map - Lopez Pass 1:24,000.

Named for the Reed family who settled on the bay in the 1860's. Tacee and her husband John P. Reed were the first settlers on Decatur Island.

The name currently appears misspelled on maps as "Reads Bay".

Name Change

Lat. _____ N, Long. _____ W (Begin)

Location Clarification

Lat. _____ N, Long. _____ W (End)

Spelling Clarification

Description

Type of feature (lake, stream, etc.): Bay (off Decatur Island)

Description of feature (location, length, depth, height, size and/or area covered): _____

Is a stream, number of months it flows on a yearly basis: N/A

Is this feature identified by other names or spellings? Please list variant names: Currently on Maps it is spelled Reads Bay BUT most locals write Reeds, as everything else is spelled that way

Has it ever been signed, posted, or publicized? If so, when? I could only find records of it being on maps & charts starting in the early 1970's. At that time it was being spelled incorrectly (Reads). Prior to that, it does not seem to be named officially.

History

Please provide a brief history of the feature and its immediate surroundings, this might include information on the following: 1 Native American; 2 First settlers; 3 Historical background pertinent to feature; 4 History on how the land is/was used; 5 Natural disasters (floods, fires, etc.) 6 Any significant cultural events. If appropriate, geology, flora and fauna. Cite sources. Use additional pages if needed.

Origin of name: The Reed family settled on that bay in the late 1860s. Tacee (a native Tlingit from Alaska) and her husband John P Reed were the first settlers on Decatur. Enclosed is a map from the San Juan County Website. Showing Reeds Bay Rd, Reeds Shipyard & READS Bay (Incorrect spelling) and right in the middle of the triangle made by these 3 things, is the Reed cabin, homesteaded in 1867. I will also inclose a panorama photo from the cabin over to the bay that needs the spelling corrected

If a commemorative name, provide a brief summary of the ENTIRE life of the person including how and the length of time he/she was associated with the proposed feature: John P Reed & Tacee Reed (a native of Alaska, a Tlingit Indian) settled on Decatur on the bay in 1867. They built a log cabin that is still there today. They had 7 children named Reed. All but Mary (later Mrs Henry Cayou) were born at Decatur. Mary was a baby when they settled here. John P & Tacee lived on Decatur from the time they settled to their deaths

Justification of Proposed Name

What is the usage of feature? N/A

Please state why the proposed name will best serve the public interest: Many Other features are named for the Reed family and spelled correctly. It is confusing that the bay is not as most locals just spell it like the family name

How long has the proposed name been in use? By whom? I think it was always (since 1860's) called Reeds Bay as that is where they lived... But at some point (1960s/70) it seems to have been officially named & spelled incorrectly at that time.

Please list all sources of information used for your research: (maps, books, articles, periodicals, etc. for background history relating to proposed name) The book, "Native American Wives of San Juan Settlers," Plat maps on San Juan Co. website, 1880 Census records, records of births & death certificates of the Reed family

What type of support is there for the proposed name?
List all groups and persons who are familiar with the proposed feature and its usage. Please provide names, addresses, telephone numbers, email addresses and his/her association with knowledge of the geographic feature:

Re: Reeds Bay

Dear Committee Members:

Although I normally argue against changing a perfectly good name, this particular suggestion makes sense to correct the spelling error. To the best of my knowledge, the name first appeared on NOAA chart 18429 entitled Rosario Strait, Southern Part. The chart was dated March 17, 1979 which is a bit strange as it was entered into GNIS in September 1979. Regardless, as part of a sweep to collect local names during the late 1970s, this one was picked up. But it was apparently misspelled as the proponent described. And who better to act as the final arbiter of the correct spelling than a member of the family!

I would suggest as the Committee considers this proposal, that it take the final step of eliminating the possessive/plural aspect to the name as was done long ago by the U.S. Board on Geographic Names, and simply call it: Reed Bay.

Sincerely,

Richard W. Blumenthal

Author: *Maritime Place Names. Inland Washington Waters*

Reeds Bay - San Juan County

Bay; located on SW end of Decatur Island at $48^{\circ} 29' 38.31''$ N, $122^{\circ} 49' 7.35''$ W.

Named for the Reed family who settled on the bay in the 1860's. Tacee and her husband John P. Reed were the first settlers on Decatur Island.

The name currently appears misspelled on maps as "Reads Bay".

RESOLUTION

WHEREAS, it is the recommendation of the Culture Committee to approve the attached letter from the Colville Business Council to the Washington State Board of Geographic Names to remove derogatory names from state and federal maps and replace them with names approved by the Colville Business Council. This authorizes the Chairperson or designee to sign all documents related to this project. No tribal funding required.

THEREFORE, BE IT RESOLVED, that we, the Colville Business Council, meeting in a **SPECIAL SESSION** this **19th day of May, 2022** acting for and in behalf of the Colville Confederated Tribes, Nespelem Washington, do hereby approve the above recommendation of the Culture Committee.

The foregoing was duly enacted by the Colville Business Council by a vote of **10 FOR 0 AGAINST 0 ABSTAINED**, under authority contained in Article V, Section 1(a) of the Constitution of the Confederated Tribes of the Colville Reservation, ratified by the Colville Indians February 26, 1938, and approved by the Commissioner of Indian Affairs on April 19, 1938.

ATTEST:

Committee on Geographic Names
P.O. Box 47030
Olympia, WA 98504-7030

Dear Committee Members:

Please be advised that eight (8) of the eighteen (18) geographic names in Washington State are in the traditional territories of the Confederated Tribes of the Colville Reservation. We ask our recommendations supersede those of other applicants, as we are the impacted community. The Colville Business Council finalized this request by CBC Resolution.

1. Squaw Lake, Chelan County, WA = Masawii Lake (area to collect masawii, Indian parsnip). Located in the traditional territory of the šnpəšq'áwšəx^w (a.k.a Wenatchi Tribe) the name is from Randy Lewis, respected tribal elder and native speaker of Wenatchi descent.
2. Squaw Creek Ridge, Chelan County, WA = Swaram Creek Ridge This ridge is between Swaram Creek (formerly Squaw Creek) and Black Canyon Creek on the Methow River. While swaram means 'torchlight fishing', we are echoing the former dual-naming construct for the Creek and the Ridge. Located in the traditional territory of the $\text{spəλmułəx}^wəx^w$ (a.k.a Methow Tribe) the name is from Elaine Timentwa Emerson, respected tribal elder, native speaker and language instructor of Methow descent.
3. Squaw Peak, Columbia County, WA, = Wenaha Peak, this peak is above the Wenaha River, Wenaha is a Cayuse place name, the peak is in the traditional territory of the wal'wáma (a.k.a Chief Joseph Band of Nez Perce). We seek the change for consistency with the nearby river.
4. Squaw Spring, Garfield County, WA = Tucannon Spring, near the Tucannon River, in the traditional territory of the wal'wáma (a.k.a Chief Joseph Band of Nez Perce) this name is a distortion of the Indian word tukanin , which in titoqatimt (the wal'wáma dialect of Nez Perce) means 'bread root'. The Indian bread root is an important food source.
5. Squaw Lake, Kittitas County = Cle Elum Tarn, near the Cle Elum River. Cle Elum, means "swift water" in the language of the Kittitas, however this area is in the traditional territory of the šnpəšq'áwšəx^w (a.k.a Wenatchi Tribe). Name recommended for consistency with nearby named places.
6. Squaw Mountain, Okanogan County = Condon Mountain, located on the Colville Reservation, is in the traditional territory of the nspiləm (Nespelem). The mountain also is a usual and accustomed place for the kataro band of the $\text{sʔuk}^w\text{naʔqin}$ (Okanogan), with the western drainage jointly used in the pre-contact and ethnohistoric eras. Condon Spring in the western drainage is the nearest named place. The Condon family is a well-established and widely recognized tribal name, particularly in the Kartar Valley. We selected the name following the associated Condon Spring.

7. Squaw Creek, Okanogan County = West Fork Frosty Creek, because it is a tributary of Frosty Creek. Frosty Creek is in the traditional territory of the sʔukʷnaʔqin (Okanogan) within the former North Half of the Colville Reservation.

8. Squaw Creek, Stevens County = Sniłt Creek, an Indian name for the area above Little Dalles to Northport, which is where the creek is located. The creek is in the traditional territory of the sńfayćkstx (Lakes).

Confederated Tribes and Bands
of the Yakama Nation

Established by the
Treaty of June 9, 1855

April 21, 2022

Sent via U.S.P.S. and Electronic Mail

United States Department of Interior
U.S. Geological Survey
Office of the Director
Reston, Virginia 20192

SUBJECT: (S.O.) 3404, DECLARING "SQUAW" (HENCEFORTH WRITTEN AS SQ___) AS A DEROGATORY TERM AND ESTABLISHING THE DEROGATORY GEOGRAPHIC NAMES TASK FORCE (TASK FORCE). THE TASK FORCE WILL REVIEW AND SELECT REPLACEMENT NAMES FOR THE 665 GEOGRAPHIC FEATURES WITH THE TERM SQ___ TO SUBMIT TO THE BOARD ON GEOGRAPHIC NAMES (BGN) FOR ACTION.

Dear Michael Tishchler Ph.D:

I write on behalf of the Confederated Tribes and Bands of Yakama Nation ("Yakama Nation"). There are 14 Tribes and Bands that comprise the Yakama Nation which include: *Kah-milt-pah, Klickitat, Klinquit, Kow-was-say-ee, Li-ay-was, Oche-chotes, Palouse, Pisuose, See-ap-cat, Shyiks, Sk'in-pah, Wenatchapam, Wishxam, and Yakama*. The place names discussed in this document are located within the Ceded Lands and Usual and Accustomed Places of the Yakama Nation, the legal rights to which were established by the Treaty of 1855 (12 Stat. 951), between the Yakama Nation and the United States Government. The Treaty set forth that the Yakama Nation shall retain the rights to resources upon these lands and, therefore, it is with the assistance and backing of the United States Federal Government that Yakama Nation cares for these lands and resources.

We appreciate the United States Department of Interior's Secretary of State giving Yakama Nation the opportunity to submit candidate names to replace current geographic locations within our traditional territories with the derogatory term Sq_. There are 7 geographic locations from the DOI list with the Sq_ name and 1 additional creek that we would like to offer a candidate replacement name for at this time. The candidate names that we propose are from the Yakama Nation's languages and dialects, which are associated with the Tribes and Bands of that geographic area, respectively.

Proposed Yakama Nation's Names (see bold text)

1.) Sq_ Lake-1526459 Washington Chelan County 47.83344322 -120.8236184 : **Wowpu-tushwa** - the goat people were extinguished at this place (Morris Uebelacker citing Watson Totus and William Yallup). Name commemorates the sub-band Wowpum of the greater *Wenatchapum* band signatory to the Yakama Treaty, who lived there confirmed by Jerry Meninick. This location is within the Ceded Lands of the Yakama Nation.

2.) Sq__ Creek Ridge- 1526455 Washington Chelan County, Okanogan County 48.05755701 - 120.130789 : **Mokeihl** - high peaks, also relates to a legendary figure where it goes to rest (Jim Meninick 1920). The area is located within the traditional territory of the *Wenatchapum* signatory to the Yakama Treaty of 1855. This location is within the Ceded Lands of the Yakama Nation.

3.) Sq__ Lake- 1526458 Washington Kittitas County 47.53478447 -121: **Nosh Nosh Wahtum**– Salamander lake. This lake is within the *Pshwanwapum* traditional territory in the Ceded Lands of the Yakama Nation (McWhorter 1922, Hines 1992, Meninick 2011, Morris Uebelacker Personal Communication 2022). This location is within the Ceded Lands of the Yakama Nation.

4.) Sq__ Islands- 1526456 Washington Klickitat County 45.648454 -121.1981269: **Sq' wanana** – legend story of “two sitting on lap.” These islands are within the Yakama Lands in the Traditional Territories of the *Wishxam* and *Klickitat* bands, respectively. Starla Esther Moses-Hyipeer confirmed this name to be accurate in the *Wishxam* language, which often uses the sound “Sqwa”. This location is within the Ceded Lands of the Yakama Nation.

5.) Sq__ Lake-1509698 Washington Skamania County 45.67364268 -121.9319778: **Aalvic Wahtum** - Lucille Aalvic was a Yakama tribal member who resided in Stevenson, WA and had the Yakama Nation enrollment #1. Lucille was an active tribal member living along the Columbia River during the time when the Bonneville Dam was constructed and removed from her original family site by the Army Corps of Engineers. She continued to reside in Stevenson with her family. This place is in the traditional territory of the *Klickitat*, one of the signatory tribes of the Yakama Nation.

6.)Sq__ Butte- 1526448 Washington Skamania County 46.11705411 -121.8023157: **Pataniks Pushtye** - child of the woman twin buttes *Lulukash*. Yakama legendary stories related to a mother and child. The area is also associated with deer and known for camas and huckleberry harvesting. Information was verified from personal communication Morris Uebelacker (2022) citing interviews with Gilbert Smartlowit. Jerry Meninick confirmed the name. This place is in the traditional territory of the *Klickitat*, one of the signatory tribes of the Yakama Nation.

7.) Sq__ Creek & Sq__ Butte –1526449 Washington Skamania County 46.3356716 -121.671474: **Timla - Timla Pushtye**– little heart mountain of that shape. Also **Timla Wapykt** for the creek name. This place is in the traditional territory of the *Klickitat*, one of the signatory tribes of the Yakama Nation. Information was verified from personal communication Morris Uebelacker (2022) citing interviews with Gilbert Smartlowit. Jerry Meninick confirmed the name.

Additional geographical locations with Sq__ names in the Ceded Lands of Yakama Nation

8.) Sq__ Creek - Washington Skamania County (Cooks, WA) 45.7488216, -121.6459200: **Shluxiksikswana**. The name originates from the village known as “the eating place” at the end of the small drainage. This is a *Klickitat* village location that was also visited by *Wishxam* (Scott and

Kiona 2008, Johnson Meninick in Oliver 2020, and Jerry Meninick Personal Communication). This location is within the Ceded Lands of the Yakama Nation.

These are the Yakama Nation's recommendations for the 8 geographic locations that are within the Yakama Nation Ceded Lands and Usual and Accustomed Places. The Treaty of 1855 with the U.S. Government recognized these lands as Yakama Territory and the original inhabitants of these lands since time immemorial. Thank you for your attention to this important matter to the Yakama Nation. Please contact Jerry Meninick at 509-865-5121 x6007 or Jerry_Meninick@yakama.com with any questions.

Sincerely,

DELANO SALUSKIN, CHAIRMAN
YAKAMA NATION TRIBAL COUNCIL

Cc: Yakama Nation Cultural Committee
Jerry Meninick, Yakama Nation Deputy Director of Cultural Programs
Casey Barney, Yakama Nation Cultural Resource Program Interim Manager
Noah Oliver, Yakama Nation Cultural Resource Program
Elaine Harvey, Yakama Nation Fisheries Program
