

Eastern and Western Washington SHC Timelines

A Presentation to the Board of Natural Resources

Todd Welker and Justin Schmal

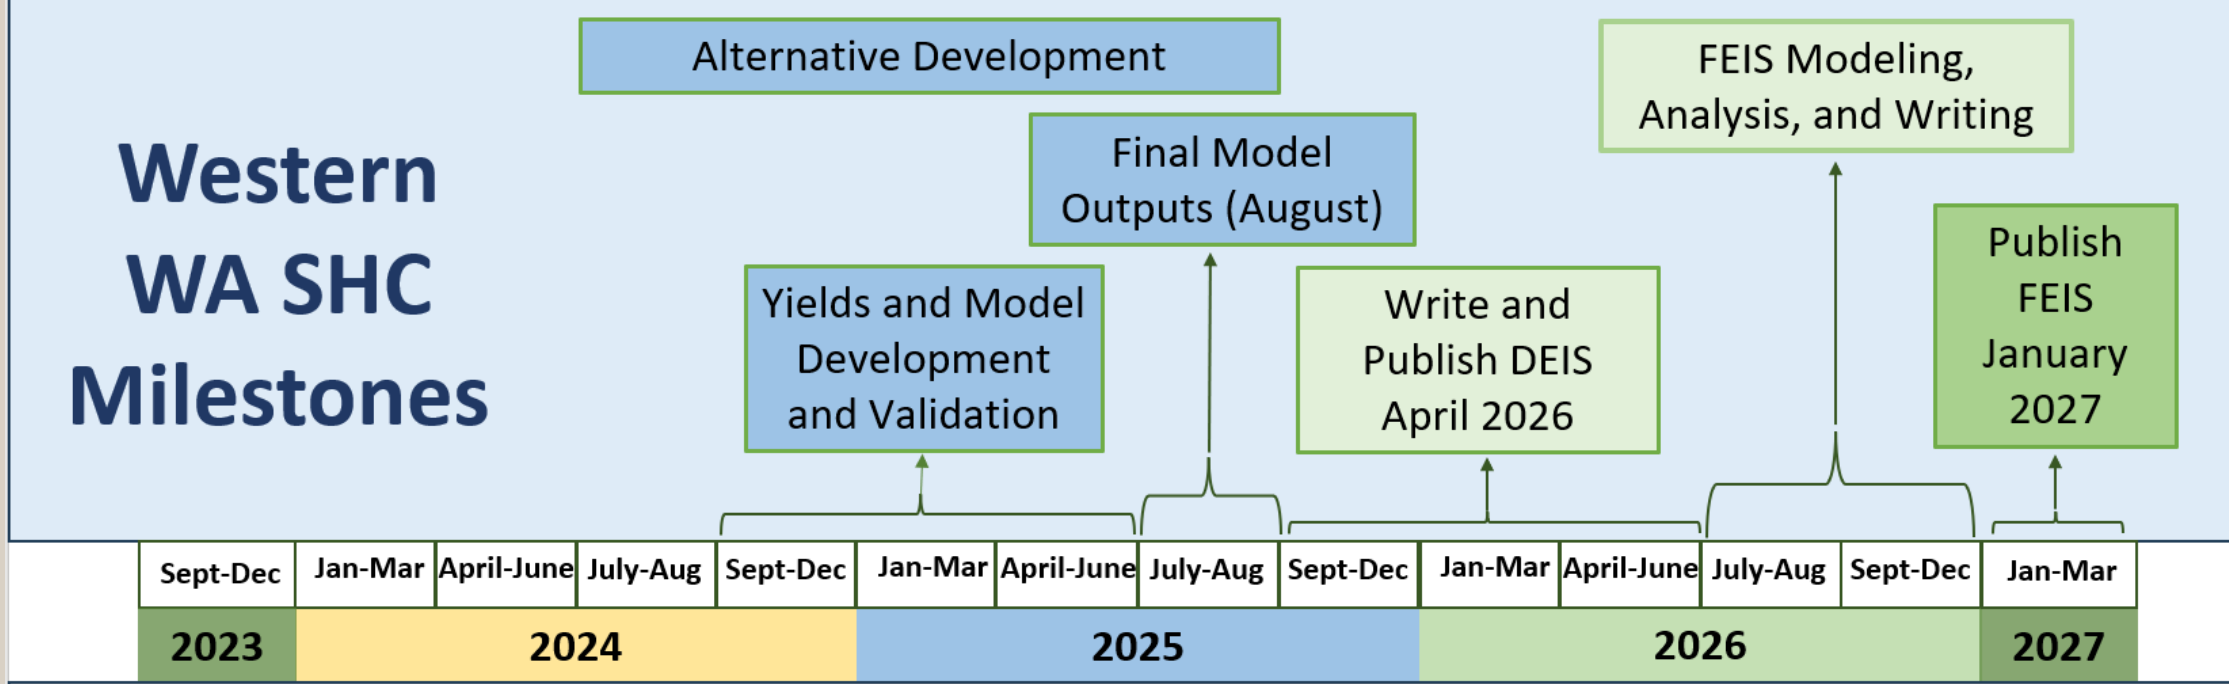

November 7, 2023

Major Factors Influencing Timelines

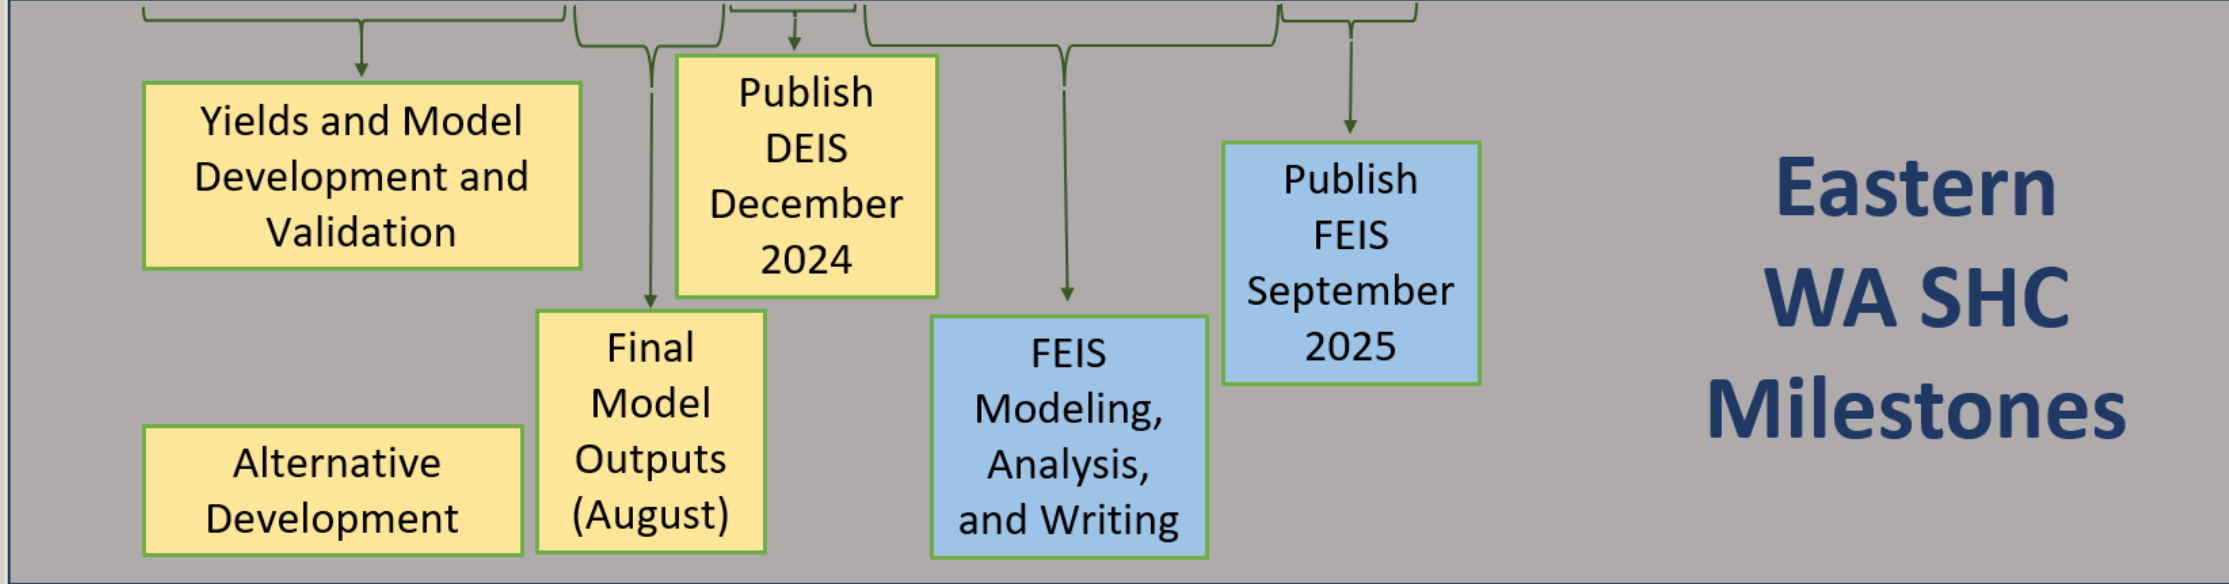

- Western Washington SHC Work was Paused During Litigation
- Growth and Yield Validation (4 months for each project)
- Strategic Model Validation (3 months for each project)
- Offsetting Eastern WA and Western WA Modeling Workloads
- Limited Staff Capacity due to Budget Proviso Workloads Through FY25

Western WA SHC Milestones

Eastern WA SHC Milestones

Incidental Benefits of Western Washington SHC Timeline

- Proviso work could inform alternative development for western WA SHC
- Provides more time for technical advisory committee engagement
- Provides more time for sensitivity analyses with the strategic model
