Delayed. A Final Determination has been delayed due to the following:

Summary of Comments and Responses (if applicable):

Over two hundred comments were received. The proponent summarized comments and sent a response to each commenter. The proposal is not expected to have probable significant adverse environmental impacts and follows the requirements set forth in the Sustainable Harvest Calculation, the DNR State Lands Habitat Conservation Plan – 1997, the Policy for Sustainable Forests, and all DNR policies, plans, and procedures.

After reviewing all of the comments received, no new probable significant environmental risks were identified and the original determination of non-significance is retained.
