

Trust Land Transfer Proviso  
Phase 2 Work Group

# Pilot Project

Meeting 6.0 | June 8, 2022

WASHINGTON STATE DEPARTMENT OF  
**NATURAL RESOURCES**

# Agenda

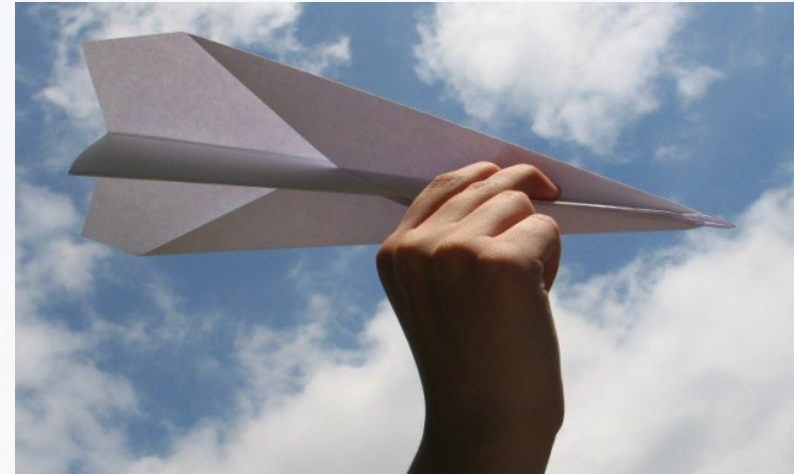

- What the TLT pilot project is, and why is it being conducted
- Roles of DNR and work group in the pilot project
- How proposed parcels were selected
- Designing a process: How will we get it done?
- Meeting 6.1: What to expect

# What is the TLT Pilot Project, and Why is it Being Conducted?

- A way to test many of the recommended framework elements of TLT revitalization.
- Abbreviated process that mirrors implementation process to the extent possible.
- Enables DNR to adapt and improve the process moving towards full implementation.
- Responsive to legislative schedule and time constraints.

**Goal:** Submit a prioritized, BNR approved list of parcels to the legislature by September, 2022

## DNR Staff

Provide logistical, administrative and technical support required by the work group acting as the advisory committee.

## Work Group

(Standing in for the future advisory committee)

Evaluate, score and prioritize nominated parcels using the new process identified by the framework.

# DNR's Role

DNR is completing the steps in the process that will normally be undertaken prior to sending parcels to the advisory committee for consideration

Creation of the proposed Pilot Project parcel list

Preparation of applications with criteria used for evaluation, scoring and prioritization\*

Best interests of the trusts analysis

Tribal outreach

Outreach to taxing districts on parcels involving State Forest Lands

January through June

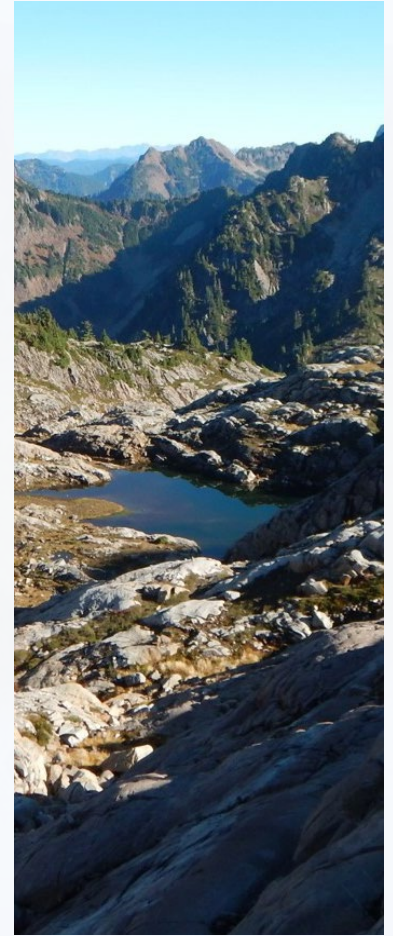

\*DNR regions are acting as applicants using abbreviated version of prioritization criteria

# Creation of the Parcel List

- Began with the four parcels from 2021 TLT Proviso (Eglon, Morning Star, Blakely Island, Devil's Lake)
- Added parcel(s) from each DNR region with a variety of recipients, land uses, and cover types. Parcels selected from list of past TLT nomination.
- List kept short due to time constraints
- Contacted receiving agencies to verify willingness to receive parcels.

# Work Group's Role and What Comes Next

Work group completes the steps that otherwise would be performed by the advisory committee.

Review of applications and supporting information containing criteria for evaluation

Scoring and prioritization

July

DNR sends the prioritized list to the Board of Natural Resources for approval, and then prepares the legislative request.

BNR consideration and approval

Request Legislative funding

August and September

# Designing a Process: How do we get it Done?

## Proposal: Two meetings

At the first meeting, review and discuss the parcels using the information DNR has gathered to date:

- Applications
  - Best interest of the trust analysis
  - Feedback from tribal and taxing district outreach
- After the meeting, work group members will individually score each parcel and send their results to DNR, who will tally the results
  - Share results at second meeting

# Meeting 6.1: What to Expect

- Discuss and refine recommendations on process
- Discuss steps that will occur after the parcels have been selected

# Thank you
