

## Understanding Forest Fire Protection Assessment and Landowner Contingency Assessment Rates

### Forest Fire Protection Assessment (FFPA)

FFPA consists of a flat fee of \$17.50 and \$.27 on each acre exceeding 50 acres. Fifty cents of the total assessments paid per parcel is retained by the county expense fund to defray the cost of listing, billing, and collecting assessments. ([per RCW 76.04.610](#))

### Landowner Contingency Assessment (LOC)

For landowners who pay FFPA, DNR may annually establish a flat fee assessment of no more than \$7.50 for parcels 50 acres or less. For parcels over 50 acres, DNR may charge the set flat fee assessment plus a per acre assessment (not to exceed \$.15 per acre). ([per RCW 76.04.630](#))
