Timber, Fish, & Wildlife Policy Committee
Timeline to November Deliverable: Permanent Water Typing Rule/Guidance Language

DRAFT v6-29-16

The following timeline is the suggested direction from the Co-Chairs and AMPA, to be shared with the TFW Policy Committee at the July 7, 2016 meeting.

July Policy Committee meeting

1. Review the timeline for presenting the deliverable to the Forest Practices Board at November 2016 meeting.
2. Electrofishing
   a. Review the Co-Chairs' draft on establishing the regulatory F/N break related to electrofishing.
   b. Review the aggregated responses from caucuses on how, when, and where to use electrofishing.
   c. Frame further work (when, how) for establishing the regulatory break.
3. Protocol Surveys: review the direction to the small group to revise the protocol survey method based on the Electrofishing Technical Group's report.
4. Off-Channel Habitat: review ideas from the Co-Chairs.
5. Review the AMPA's recommendations on how to implement the Physicals Proposal Initiation.

August Policy Committee meeting

1. Off-Channel Habitat
   a. Review the Off-Channel Habitat Technical Group's report.
   b. Review and/or continue discussion on the Co-Chairs' recommendations.
2. Protocol Surveys: review the small group's recommended draft protocol survey method.
3. Presentation from DNR on the anticipated changes to the water typing program administration.

September Policy Committee meetings – TWO MEETINGS (Sept 8 and later in the month, TBD)

1. Review work to date (TBD, depending on timelines).
2. Review illustrations outlining the new rule/guidance language (help translate theoretical ideas to practicality).

October Policy Committee meeting

1. Review full package that will be presented to the Board.

November Policy Committee meeting

1. Since this is right before the Board meeting and after the package is incorporated into the Board packet, likely nothing will be on Policy's agenda except how the Co-Chairs and AMPA will characterize this work to the Board.
