

Whatcom County

2021 Quarterly Income Report – Quarter 1

The Washington State Department of Natural Resources manages more than 600,000 acres of state forestlands in Washington. State forestlands generate revenue that helps support counties and local services. The lands are located in 21 counties, though the amount of acreage of trust land varies considerably by county. This report provides county-specific information regarding quarterly revenue from state forestlands.

ALL REVENUE¹ distributed to Whatcom County this calendar year, 2021, as of March 31, 2021.

\$188,226.00

NET VALUE² of State Forestland timber in Whatcom County under contract as of March 31, 2021.

\$286,133.68

[Click here](#) for 10-Year Distribution History.

[Click here](#) for detail about timber sales under contract.

¹ All revenue refers to distributions from timber and non-timber sources.

² Net value of timber includes the estimated value of timber currently under contract and does not include the estimated value from non-timber sources.

WHATCOM COUNTY

Table 2: STATE FORESTLANDS -TIMBER SALES UNDER CONTRACT

(NOTE: 30 month timeline - updated every quarter)

	Contract #	Estimated total sale value to be distributed to the County*	Actual Distributions to the County through 3/31/2021 date	Estimated Remaining Value to be Distributed to the County	Contract End Date	2021												2022												2023											
						Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept						
LUMP SUM SALES¹																																									
Red Baron	98032	252,375.00	227,966.79	24,408.21	3/31/2022																																				
Bronco	100427	261,046.40		261,046.40	3/31/2023

SCALE SALES²																																									
No Scale Sales				-																																					
Total		-		-																																					
SORT SALES³																																									
No Sort Sales				-																																					
Total		-		-																																					
Net Estimated Remaining Value of State Forestland Timber Under Contract				286,133.68																																					

1-LUMP SUM SALES Purchaser bids a fixed total sale value. Distributions occur throughout the contract as timber is harvested and invoiced. Contract can be extended.

2-SCALE SALES Purchaser bids a fixed price per thousand board feet for the biddable species; prices for all other species are set by DNR prior to auction. The total value for scale sales are estimates only, actual value will depend upon the amount of timber volume harvested by species. Distributions occur throughout the contract as timber is harvested and invoiced. Contract can be extended.

3-SORT SALES 1) Contractor hired by DNR harvests timber, delivers logs to individual purchasers of log sorts, and the harvester is paid for those services from the gross proceeds. Purchaser bids a delivered log value, per thousand board feet. The net value (after payment of harvesting costs) are estimates only until the project is completed. Actual net value will depend upon the amount of timber volume harvested by sort. 2) Distribution occurs once all operations are completed and the sale revenues and expenditures have been audited. Partial distributions may occasionally occur to provide revenue for the beneficiaries, or to meet the statutory requirement to maintain less than \$5 million in the Contract Harvest Revolving Fund at the end of each calendar year under RCW 79.15.520. 3) Contracts can be extended.

NOTE: This table shows revenue from timber only, it does not include non-timber revenue.

* This revenue is distributed by the county in accordance with RCW 79.64.110

April 2021 Draft - subject to change

There are two types of state forestlands: State Forest Transfer lands, and State Forest Purchase lands.

1. **State Forest *Transfer* Lands.** These are lands acquired by counties through tax foreclosures that were subsequently turned over to the state. The Department of Natural Resources currently manages more than 538,000 acres of these forestlands in trust for 20 counties. Revenue from State Forestlands is distributed in accordance with RCW 79.64.110. Based on population, Skamania and Wahkiakum Counties have different distribution requirements compared with other counties.
2. **State Forest *Purchase* Lands.** State-issued bonds were used to acquire certain parcels of forestland from private owners. Typically, these forestlands had been logged and were in need of active management. Allocation of revenue from these lands was determined when purchase was authorized, as follows: 26.5 percent to the county in which the property is located; 50 percent to DNR for management expenses; and the remaining 23.5 percent to the State General Fund.

State Forestlands

Current as of 04/09/2021

	State Forest Transfer	State Forest Purchase	Total Acres
Clallam	93,018	242	93,260
Clark	26,497	3,850	30,347
