

Family Forest Fish Passage Program Application

The Family Forest Fish Passage Program assists small forest landowners to improve fish passage on their forestlands by removing human created fish barriers. If you believe you may have a barrier and are interested in having the site evaluated, please complete this application. For a full explanation of this program, please refer to Family Forest Fish Passage Program Guidelines (<http://www.dnr.wa.gov/Publications/fpslloffppguidelines.pdf>) or call (360) 490-0020 for assistance.

Or apply online: bit.ly/fffppapplication

ELIGIBILITY (*all must apply*): **1.** On forestland or accesses forestland **2.** Owned by a small forest landowner (harvest < 2 million board feet of timber per year) **3.** Located on a potentially fish-bearing stream **4.** Human-made fish passage barrier located at a road crossing **5.** Crossing structure installed before May 14, 2003

After your application is received, a field representative will contact you to set up a site visit and provide you with a detailed explanation of the program. If the site does not meet the program criteria, you will be contacted stating why it is not eligible.
