Subject: RE: WFAC written update request

Mobilization is currently engaged in supporting IMT activity at two Department of Health-sponsored vaccination sites, one in Kennewick at the Benton County Fairgrounds, and one supporting the Tri-County (Ferry/Stevens/Pend Oreille) health care authority in Colville.

Mobilization staff are finishing payments for the 2020 fire season, with 98% of payments to volunteer FF, equipment, and vendor payments complete. Career reimbursements are 83% complete, with a completion target of mid-April.
