List of Acronyms

List of Figures

List of Tables

1- EXECUTIVE SUMMARY

[write a one-page executive summary here. Separate executive summary for majority and minority recommendations]

2- FRAMING THE DISPUTE

[Majority and Minority caucuses use this section to answer the following:

- 1- Describe the problem/issue that Policy faced (develop consensus recommendations once Policy determined that the Type N studies warranted action)
- 2- Describe what Policy did to address the problem and/or to resolve issues
- 3- Briefly describe the final outcome(s)

3- Type N Buffer Recommendations

[Provide a complete description of your Type N proposal(s):

- 1- Description and graphic of the whole basin approach [Darin]
- 2- Description and graphic of your proposal]

4- Science Basis of Recommendations

[Describe how your proposal relates to or responds to the **Type N rock studies**]

5- Conclusion and Other Recommendations

[Summarize the key points and proposal here. Also provide other recommendations – including for a CMER monitoring plan here]
