

## Timeline for Type Np Technical Workgroup Report

Draft v. 5-27-21

*The adaptive management rule in WAC 222-12-045(2)(d)(vi) outlines the elements needed for the TFW Policy Committee to prepare and present a report to the board outlining recommended actions including additional research, rule petitions, and/or guidance recommendations. It states recommendations including rule petitions and the original CMER report(s) and/or other information, as applicable, will be forwarded by the AMPA to the board for review and action. The process and timelines for the development of the Policy committee recommendations and formal petitions for rulemaking to the board are outlined in Forest Practices Board Manual Section 22, Guidelines for Adaptive Management Program.*

*The following table outlines the sections from Part 3.4 of the Forest Practices Board Manual Section 22 which outline the timelines for the TFW Policy Committee to make a decision. The timeline begins upon receipt of the report, and specifies those timelines for 2021 and 2022.*

The Policy Committee may also recommend that the Board take no action. The Policy Committee's consideration of all products from Stage 3 will be based on the Framework for Successful Policy Committee/CMER Interaction (Appendix B).</p>	<p>Upon receipt of the Type N Workgroup Report at the July 8, 2021 meeting: 180 days = January 4, 2022</p>

Upon receipt of the findings report, the Policy Committee has 45 days to review the findings and to make a consensus decision as to whether the information merits taking action or not. A no action consensus skips the Policy Alternatives step and goes to the Final Policy Committee Consensus step. The Policy Committee consensus for taking action will initiate the development of action alternatives.</p>	<p>45 days = August 22, 2021 to review the Workgroup Report and decide to take action or not</p>

<p><b>Policy Committee Alternatives</b>  The Policy Committee analyzes the alternative courses of action and determines an appropriate management response. Alternatives will include information necessary to show whether the proposal is scientifically credible, operationally practical and administratively feasible. The Policy Committee has 60 days to develop appropriate alternative courses of action, and an additional 45 days to reach a consensus decision on an alternative to recommend to the Board.</p>	<p>60 days =Thursday October 21, 2021 to develop alternatives 45 days = to December 5, 2021 decide on the alternative for the Board</p>
<p><b>Final Policy Committee Consensus</b>  The Policy Committee determines by consensus whether to make an adaptive management recommendation to the Board. In making a recommendation the Policy Committee will be mindful of factors that the Board will need to consider when making a decision. These factors include the FFR goals (listed in Part 1, Adaptive Management Program Overview) and statutory direction in chapter 76.09 RCW. If the Policy Committee has agreed upon an alternative, the Policy Committee finalizes its recommendations within 30 days and gives them to the Administrator for delivery to the Board.
