

## **Methods for allowing popup windows when using the DNR Website**

DNR uses popup windows for the following features:

[FPARS Mapping \(ARC IMS\)](#)

[Forest Practices GIS Spatial Data](#)

[Forest Practices Board Contracts](#)

[Forest Practices Adaptive Management Contracts \(RFPs & RFQs\)](#)

To use DNR effectively, either disable your popup blockers completely, or add [www.dnr.wa.gov](http://www.dnr.wa.gov) and [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) to a list of exceptions or allowed sites. Also, if you work for a company or organization, you may need to check with your system administrator about configuring your network and/or computer to allow popups and certain file type downloads from trusted sites.

## Internet Explorer (Windows XP SP2)

---

When you install the Windows XP Service Pack 2 (SP2), Pop-up Blocker is automatically turned on for Internet Explorer and set to the medium setting, which means that it will block most automatic popups.

### ***To add DNR to the allowed list...***

1. Launch an Internet Explorer browser window.
2. Go to the "Tools" toolbar menu, point to "Pop-up Blocker," and then click "Pop-up Blocker Settings."
3. In the new window that opens, type [www.dnr.wa.gov](http://www.dnr.wa.gov) in the field for "Address of Web site to allow."
4. Then, click on the "Add" button, so that the DNR URL appears in the list of "Allowed sites."
5. Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .
6. Click the "Close" button to exit the window.

**Note:** You can also access the "Pop-up Blocker Settings" window by going to the "Tools" toolbar menu and selecting "Internet Options..." In the new window that opens, click on the "Privacy" tab. Then, click on the "Settings..." button at the bottom of the window.

### ***To disable the Popup Blocker completely...***

Go to the "Tools" toolbar menu, point to "Pop-up Blocker," and then click "Turn off Pop-up Blocker." An alternative method is to go to the "Tools" toolbar menu and select "Internet Options..."

1. In the new window that opens up, click on the "Privacy" tab.
2. Then, un-check the box next to "Block pop-ups."
3. Click on the "Apply" button, and then on the "OK" button to exit the window.

## Internet Explorer 7

---

### ***To add DNR to the allowed list...***

1. Launch an Internet Explorer 7 browser window.
2. Go to the "Tools" toolbar menu, point to "Pop-up Blocker," and then click on "Pop-up Blocker Settings."
3. In the new window that opens, type [www.dnr.wa.gov](http://www.dnr.wa.gov) in the field for "Address of web site to allow."
4. Then, click the "Add" button, so that the DNR URL appears in the list of "Allowed sites." Repeat with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .

5. Click the "Close" button to exit the window.

**Note:** You can also access the "Pop-up Blocker Settings" window by going to the "Tools" toolbar menu and selecting "Internet Options..." In the new window that opens, click on the "Privacy" tab. Then, click the "Settings..." button in the "Pop-up Blocker" section at the bottom of the window.

### ***To disable the Popup Blocker completely...***

Go to the "Tools" toolbar menu, point to "Pop-up Blocker," and then click "Turn off Pop-up Blocker."

An alternative method is to go to "Tools" toolbar menu and select "Internet Options."

1. In the new window that opens, click on the "Privacy" tab.
2. Then, un-check the box next to "Turn on Pop-up Blocker" in the "Pop-up Blocker" section at the bottom of the window.
3. Click on the "Apply" button, and then on the "OK" button to exit the window.

## Firefox

---

1. Launch a new Firefox browser window and click **Tools > Options...** (Mac users should go to the "Firefox" toolbar menu and select **Preferences...**).
  2. In the new window that opens, click the "Content" icon.
  3. To turn off the popup blocker completely, uncheck the box next to "Block (unrequested) popup windows."
- OR

4. To enable the popup blocker, but allow popups from DNR, check the box next to "Block (unrequested popup) windows" and click the **Exceptions...** button to the right. Enter [www.dnr.wa.gov](http://www.dnr.wa.gov) and click the **Allow** button. Repeat with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) . This will add DNR to the list of allowed sites.

**Please note:** Some versions of Firefox allow a maximum of 20 pop-ups per session and after the number is reached it will block pop-ups even from trusted sites. If you think you have this version, type about:config into your Firefox URL bar. Filter for dom.popup\_maximum . Double-click this line and enter a new maximum, such as 1,000 or more. Restart the browser for the change to take effect.

## Safari

---

The Safari browser does not allow you to selectively allow pop-ups from individual web sites, like DNR, so you will have to globally turn the pop-up blocker on and off. You can disable the blocker before starting to work in the DNR website, and then re-enable the software once you have finished your DNR session. There are two ways to disable Safari's pop-up blocker.

1. Go to the "Safari" menu and un-check the option to "Block Pop-up Windows." You may also use the "Command-Shift-K" keyboard shortcut.
2. Go to the "Safari" menu and select the "Preferences..." option. Click on the "Security" icon, find the "Web Content" section, and then un-check the box next to "Block pop-up windows."

## Netscape 7.x

---

### *To add DNR to the allowed list...*

1. Open a new Netscape browser window and then point your browser to [www.dnr.wa.gov](http://www.dnr.wa.gov) .
2. Go to the "Tools" toolbar menu and then mouse over the "Popup Manager" option.
3. Slide your mouse to the right to select the "Allow Popups From This Site" option. This will automatically add [www.dnr.wa.gov](http://www.dnr.wa.gov) to the list of allowed sites.

**Note:** PC users may also manually add DNR to the list of allowed sites by going to the "Tools" toolbar menu, selecting "Popup Manager," and then clicking on the "Manage Popups" option. In the new window that opens, enter [www.dnr.wa.gov](http://www.dnr.wa.gov) in the field below "Allow popups from the following web sites:" and then click on the "Add" button. Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov). Click the "OK" button to close the window.

### *To disable the Popup Blocker completely...*

1. Go to the "Edit" toolbar menu ("Netscape" toolbar menu for Macs) and select the "Preferences" option.
2. A new window will open. In the navigation column, under the "Privacy & Security" category, click on the "Popup Windows" topic. (If no sub-categories are visible, double-click on the title "Privacy & Security" to expand the list.)
3. To completely disable the popup blocker, uncheck the box next to "Block unrequested popup windows."

4. You can also enable the popup blocker, but allow popups from DNR, by checking the box next to "Block unrequested popup windows."
  - Then, click on the "Allowed Sites..." button.
  - In the new window that opens, enter [www.dnr.wa.gov](http://www.dnr.wa.gov) into the text field below "Allow popups from the following web sites:"
  - Then, click on the "Add" button to the right of the field to add DNR to the list of allowed sites.
  - Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .

## Netscape 8.x

---

1. Open a new Netscape browser window and then point your browser to [www.dnr.wa.gov](http://www.dnr.wa.gov) .
2. Click on the pop-up blocker icon in the Netscape toolbar.

*If this icon is not visible, go to the "Security Center" area in the upper right corner of the Netscape Browser, and click on the arrow to the right of the "Security Center" icon to expand this area, which includes the pop-up blocker icon.*
3. Click "OK" through the resulting confirmation window. The popup blocker icon will change to indicate that it is now disabled for DNR.
4. Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov)

**Note:** You can also manage the security settings for the DNR web site by clicking on the drop-down arrow to the right of the popup blocker icon and selecting the "Manage pop-ups from current site" option. This will launch a new window, labeled "Site controls for [www.dnr.wa.gov](http://www.dnr.wa.gov) ." Click on the "Advanced" tab, check the box next to "Allow unrequested pop-up windows," and then click on the "Done" button. Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) . You can also access this window by clicking on the Site Controls icon that appears in the tab for the site that you are currently browsing.

## Mozilla

---

1. Open a new Mozilla browser window.
2. Go to the "Edit" toolbar menu ("Mozilla" toolbar menu on Mac OS X) and choose the "Preferences" option.

3. In the navigation column, under the "Privacy & Security" category, click on the "Popup Windows" topic. (If no sub-categories are visible, double-click on the title "Privacy & Security" to expand the list.)
4. To completely disable the popup blocker, uncheck the box next to "Block unrequested popup windows."
5. You can also enable the popup blocker, but allow popups from DNR, by checking the box next to "Block unrequested popup windows."
  - Then, click on the "Allowed Sites..." button.
  - In the new window that opens, enter [www.dnr.wa.gov](http://www.dnr.wa.gov) into the text field below "Allow popups from the following web sites:"
  - Then, click on the "Add" button to the right of the field to add DNR to the list of allowed sites.
  - Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .

**Note:** An alternative method of adding DNR to the list of allowed sites is to browse to the DNR web site <http://www.dnr.wa.gov> , and then click on the "Tools" toolbar menu. Click on the "Popup Manager" option and then slide your mouse to the right and select "Allow popups from this site." Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .

## Google Toolbar

---

If the Google Toolbar is blocking DNR windows, there are three ways to disable it:

1. To let a popup through on a one-time basis, press and hold the "Ctrl" (or ) key as you click on a link or double-click on a thumbnail.
2. The Google popup blocker can also remember certain sites like DNR and allow them to launch popup windows.
  - Point your web browser to the DNR home page <http://www.dnr.wa.gov> .
  - Then, click on the popup blocker button in the Google Toolbar. When you do so, the popup blocker button will change to notify you that popups are now allowed from the site that you are currently viewing. Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .

3. To completely disable the popup blocker, click the "Settings" button in the Google toolbar and then click on "Options."

- In the new window that opens, click on the "More" tab .
- Scroll down the list of settings until you find the item for "Popup Blocker."
- Then, uncheck the box next to "Enable Popup Blocker."

**Note:** If you do not see a "Settings" button on the Google toolbar, click on the Google Search icon and select the "Manage..." option from the resulting drop-down menu. From here, you can click on the "More" tab and change the setting for Popup Blocker as described above.

## Yahoo Toolbar

---

If Pop-Up Blocker is blocking DNR, there are three ways to override it:

1. To let a popup through on a one-time basis, press and hold the "Ctrl" key as you click on a link or double-click on a thumbnail.
2. To allow popups for DNR, but keep Pop-Up Blocker enabled for other web sites:
  - Point your web browser to the DNR home page <http://www.dnr.wa.gov> .
  - Then, click on the Pop-Up Blocker icon in the Yahoo toolbar and select the "Always Allow Pop-Ups From..." option in the resulting drop-down menu.
  - In the new window that opens, click on the DNR URL listed in the top section listing "Sources of Recently Blocked Pop-Ups," then click on the "Allow" button.
  - Click "OK" in the resulting confirmation message, and the DNR URL should appear now in the list at the bottom of the window, entitled "Always Allow Pop-Ups From These Sources". Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .
3. To turn Pop-Up Blocker off completely, click on the Pop-Up Blocker icon in the Yahoo toolbar and uncheck the option to "Enable Pop-Up Blocker."

## AOL Toolbar

---

***To add DNR to the allowed list...***

1. Point your web browser to the DNR home page <http://www.dnr.wa.gov> .

2. Then, click on the Pop-up Blocker icon in the AOL toolbar and select the "Allow pop-ups from [dnr.wa.gov](http://dnr.wa.gov)" option. You will notice that the Pop-up Blocker icon will change to indicate that popups are being allowed from DNR. Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .

**Note:** An alternative method is to select the "Set Pop-up Controls Preferences" option from the same drop-down menu.

1. In the new window that opens up, click on the radio button next to "Allow Web pop-ups from these sites".
2. Then, type [www.dnr.wa.gov](http://www.dnr.wa.gov) in the field provided below and click the "Add" button to the right of the field.
3. Finally, click on the "Save" button at the bottom of the window to save your setting changes and close the window. Repeat this step with [www1.dnr.wa.gov](http://www1.dnr.wa.gov) and [fortress.wa.gov](http://fortress.wa.gov) .

***To disable the Popup Blocker completely...***

1. Click on the Pop-up Blocker icon in the AOL toolbar.
2. Then, click on the "Turn Pop-up Controls Off" option. You will notice that the Pop-up Blocker icon will change to indicate that all popups are now allowed.

## Norton Internet Security

---

Norton Internet Security is a suite of software products that protects your computer from viruses, privacy threats, and spam. Pop-up blocking software is incorporated into the AntiSpam component of the program. This program is only available for the Windows operating system and not for Mac or Linux computers.

1. Open up the Norton Internet Security program. You can either do this by selecting the program from the Start menu in the bottom-left corner of your screen, or by clicking on the program icon that appears in your browser toolbar.
2. In the new window that opens, click on the "Norton AntiSpam" button located in the left-hand panel.
3. Select "Pop-up Blocking" from the resulting menu.
4. Several new options should appear along the right-hand side of the window. Click "Turn Off".
5. You may also want to turn off the Ad Blocking feature of the AntiSpam component. Just like the previous step, select "Ad Blocking" and then click "Turn Off".
