

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: The proposal consists of the salvage of approximately 20 trees that were killed as a result of the Gray Road fire in 2023. Felling and chipping the trees is planned. No ground disturbing activities are associated with this project. This review covers the Forest Practices Application (FPA) activities as described in FPA No. 3027321.

Proponent: Washington State Dept. of Social and Health Services

Location of proposal, including street address, if any: the project area is located on Parcel number(s) 04241.0001 in Section(s) 24, Township 24 North, Range 40 East, W.M., located in Spokane County, Washington.

Lead agency: Washington Department of Natural Resources

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS.
- This DNS is issued under 197-11-340(2); the lead agency will not act on this proposal for 14 days from October 8, 2024 . Comments must be submitted by October 22, 2024 .
