DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Grant of easement from Washington State Department of Natural Resources (DNR) under Application No. 50-106153 for installation of a 42-inch diameter pressurized irrigation main pipeline, associated maintenance road, air/vacuum valve, fiber optics, power and appurtenances. This is part of the larger EL 84.7 Pumping Plant and Pipeline Distribution System intended to deliver Columbia Basin Project surface water to approximately 7,000 acres east of Othello, Washington, including to the subject DNR parcel.

Proponent: East Columbia Basin Irrigation District

Location of proposal, including street address, if any: Along the south line of Section 16, Township 15 North, Range 31 East, W.M., Adams County, Washington.

Lead agency: Washington State Department of Natural Resources

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS**
- This DNS is issued under 197-11-340(2); the lead agency will not act on this proposal for 14 days from May 21, 2024. Comments must be submitted by June 4, 2024.**
