- **Board Discussion**
- **Expectations for Special Meeting on August 28**

# Brief List of Board Approval Decisions

## **A. Consensus and Majority Policy Recommendation:**

1. Existing rule language
2. Off-channel habitat
3. Concurred F/N break
4. Default Physical Characteristics
5. Fish Habitat Assessment Methodology

## **B. Board Committee Recommendations:**

1. Statewide rule
2. Anadromous fish floor

## **C. Accepted for analysis (caucus proposals):**

1. 3 PHB options
2. 2 AFF alternatives

# PHB and AFF Alternatives

- Spatial Analysis Presentation
- Preliminary findings of draft cost-benefit analysis

# Field Tour Recap

- Current Field Protocol
- FHAM
- PHB
- AFF

# Expectation for Special Meeting

Board will need to consider:

- An AFF and PHB combination to advance for final rulemaking
- Delay a decision and request additional information
- Approve consensus elements of FHAM and await the completion of Adaptive Management Program (AMP) PHB validation study
- Approve consensus elements of AFF and await the completion of AMP AFF Validation study
