

## CMER Request

|   |                         |
|---|-------------------------|
| <b>Proponent:</b> ISAG  | <b>Date:</b> 12/05/2024 |
| <b>Contact:</b> Jason Walter  | <b>PM:</b> Anna Toledo  |
| <b>Project Name/Issue:</b> Default Physical Criteria (DPC) Study Design   |                         |
| <b>Request:</b> ISAG requests CMER approve the Default Physical Criteria (DPC) Study Design.  |                         |
| <b>Funding Source:</b> AMP Budget   | <b>Urgency:</b> High    |
| <b>Request Description:</b><br>CMER initiated a concurrent CMER/ISAG review of the Default Physical Criteria (DPC) Study Design on September 24, 2024. Reviewers provided comments, which the Project Team has addressed in the revised study design. The revised study design was returned to the reviewers on December 5. ISAG requests CMER approve the DPC Study Design, provided the reviewers have determined their comments were adequately addressed. |                         |
