Castle Rock WA 98611-0280
(360) 577-2025

WASHINGTON STATE DEPT OF
**NATURAL
RESOURCES**

- 1 **Each** permittee must possess a valid permit when harvesting, processing or transporting the special forest products covered by the permit.
- 2 This permit is valid **only** for the product and dates indicated on the permit.
- 3 The products may be removed **only** in the location indicated on the permit and attached map(s). Permittee is responsible for determining harvest area boundaries and legal access to harvest area.
- 4 The colored vehicle placard **must** be displayed visibly in windshield of vehicle during harvest and/or transporting of any special forest products.
- 5 All harvest debris must be removed from roads and ditches and scattered throughout the forest. **All garbage generated by permittee must be removed from state land.**
- 6 Permittee will do all in their power to prevent forest fires. No fires are allowed outside designated campgrounds.
- 7 No camping is allowed outside designated campgrounds. Approved campsites have a seven (7) day stay limit. Some DNR campgrounds may be closed during the winter.
- 8 This permits does not guarantee the quality or quantity of product purchased.
- 9 Permittee will harvest products using acceptable harvest practices. Rakes and any ground disturbing devises are not allowed. Permittee will not harvest in a manner that causes undo damage to the resource and/or associated ecological values. If damage occurs, the state may access penalties. **No harvest of any material within 50 feet of any flowing stream, dry stream bed, body of standing water or within 200 feet of a DNR-designated campground.**
- 10 Law enforcement action will be taken for unauthorized harvest, trespass or littering.
- 11 This permit is non-refundable and is revocable for failure to comply with permit terms and conditions.
- 12 No motorized vehicles allowed off existing road surfaces. Use of ATV's or motorcycles will be permitted for permit holder only on forest roads (no off-road use). Permit must be with you at all times.
- 13 All vehicles engaged in any harvest operations are required to have minimum vehicle liability insurance.
