<b>Proponent:</b> RSAG	<b>Date:</b> 6/11/25
<b>Contact:</b> Joseph F. Murray abies@olypen.com	<b>PM:</b> Alexander Prescott alexander.prescott@dnr.wa.gov
<b>Project Name/Issue:</b> Extensive Riparian Status and Trends Monitoring Project (ExMo Project)	
<b>Request:</b> RSAG and the ExMo project team (PT) would like to formally request CMER's review and subsequent approval of the Scoping Document with Best Available Science (BAS).	
<b>Funding Source:</b> N/A	<b>Urgency:</b> High
<b>Request Description:</b> The ExMo project team shared working drafts of the Scoping and Best Available Science (BAS) Documents with RSAG (separately) from August to December 2024 to get preliminary feedback. Thereafter, the PT developed final drafts of both documents which were shared with RSAG (separately) for formal review from January to April 2025. The project team incorporated that feedback and responded to all comments, delivering a clean and tracked changes version of the single combined document to RSAG in the 5/7/25 mailing. Following comments received during the 5/15/25 RSAG meeting, the project team revised the Scoping Document with BAS again for RSAG distribution on 6/4/25 ahead of the 6/11/25 meeting, RSAG approved the Scoping Document with BAS on 6/11/25. RSAG requests CMER formal review and approval of the Extensive Riparian Status and Trends Monitoring Project Scoping Document with BAS.
