ADDENDUM

SEPA File No. 24-051601

Description of the original proposal:

Power Plant Adjusted Timber Sale #104354 and Forest Practice Application #2617912 proposal encompasses approximately 74 gross acres, with 39 acres of net harvest acreage, removing an estimated sale volume of 1,434 MBF in the Straits HCP Planning Unit. The proposal includes approximately 825 feet of new road construction and 22,230 feet of pre-haul maintenance, which is proposed to meet access needs into the sale area.

Description of the addendum:

A comment from the Legacy Forest Defense Coalition was received outside the SEPA comment period. This comment was regarding the presence of a plant association being present within the boundaries of the Power Plant Adjusted Timber Sale. 7 acres of the harvest acreage have been removed from the proposal for further evaluation at a future date.

Description of existing environmental document: State Forest Land SEPA Environmental Checklist

Proponent: Washington State Department of Natural Resources

Lead Agency: Washington State Department of Natural Resources

This addendum is being distributed pursuant to WAC 197-11-600 and 197-11-625. It has been determined that this new information does not substantially change the analysis of significant impacts in the existing environmental document.
