(Map and directions to the site are required to process request)

Location of Work: _____ **Lat:** _____ **Long:** _____
(Township/Range/Section)

FPA# (If applicable): _____

Describe surface fuels in the work area: _____

_____

How steep is the work site: _____ **Aspect: N E S W flat** (circle one)
(% Slope)

Person requesting this Waiver: _____ **Date:** _____

Phone number: _____ **E-mail:** _____

Contract Name/#: _____

Describe what type of work you would like to do, including time frame. Be detailed and include all information about work items that have potential to start fires (such as chainsaw operation, grinding, welding, motorized equipment/tools, excavating, brushing, driving off road, etc.)

Describe what of your proposed activities you believe will be impacted by IFPL restriction, and at what IFPL level, pursuant to WAC 332-24-301(copy attached). Please include why you believe the activity must be allowed to occur during this period of elevated fire danger.

Describe what measures you will put in place to prevent fire starts or to immediately suppress and communicate any fires. Demonstrate why these measures will result in the operations being a fire safe activity in a low hazard area. (Examples could include: Fire tools, extinguishers, fire watch, fire engine, working on bare soils, fire fighters on stand-by, limited times of operation, dozer on standby, communication equipment, bladder bags, sprinklers, etc.)

SECTION 2 - WAIVER AUTHORIZATION:
(This section will be filled out by the DNR Region where you will be working)

The WA Department of Natural Resources authorizes the work described subject to the following conditions and requirements:

To obtain current IFPL levels for the zone(s) where any operations are conducted throughout the Closed Season go to https://fortress.wa.gov/dnr/protection/ifpl/ or call 1-800-323-BURN (2876) automated phone system.

Monitoring current National Weather Service alerts throughout the Closed Season. When the area of operation is under a National Weather Service red flag warning, this waiver is void and operator must comply with IFPL shutdown zone restrictions. Red flag warnings can be found at: http://www.wrh.noaa.gov/firewx/main.php

Individuals and/or the company acting under this waiver will be held responsible for any fires that may start as a result of these operations (RCW 76.04.495).

This waiver is considered null and void if the above measures /criteria are not met.

This waiver may be rescinded at any time at the determination of the Department of Natural Resources.

Any fire starts must be reported to 911 immediately.

This waiver must be on site while working and you must notify dispatch when working on level III days.

Waiver is valid from: _____ **through:** _____
