Seattle, WA 98195

Dear Kent,

I've reviewed the edit changes to the Eastside Timber Habitat Evaluation Project (EtheP) manuscript and the responses in the Excel evaluation file. The revisions are thorough and provide better clarity of the analysis that was conducted. The authors made most of the changes that were suggested by each of the reviewers or provided adequate responses. I find the revisions to be satisfactory and an overall improvement for the manuscript.

Respectfully,

A handwritten signature in blue ink, appearing to read "Andrew C. Yost". The signature is fluid and cursive, with a prominent loop at the end.

Andrew C. Yost
